

Educational Videos

Carl Zeiss Meditec is pleased to offer educational videos on demand through our website

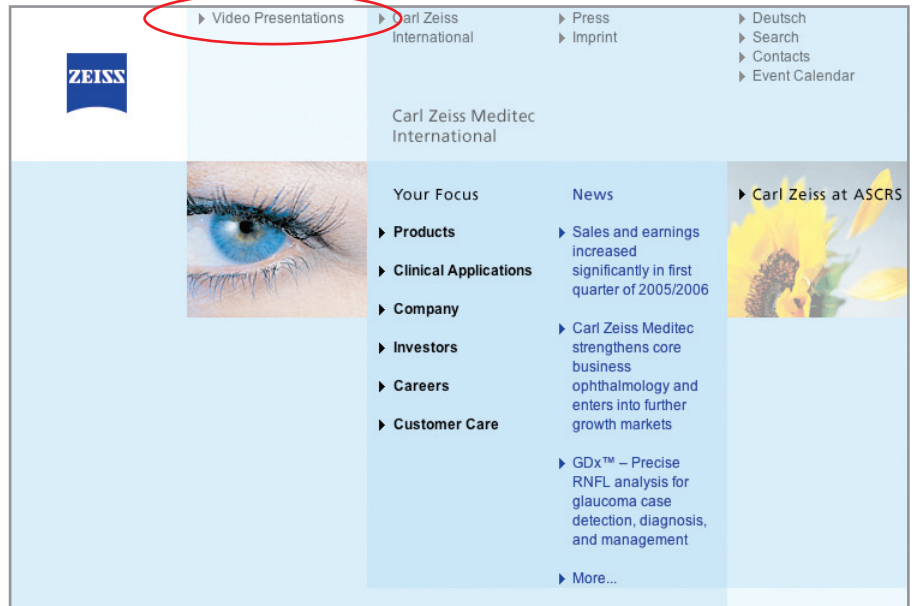

You may access these videos three ways through our website:

1) Go directly to

www.meditec.zeiss.com/videos.

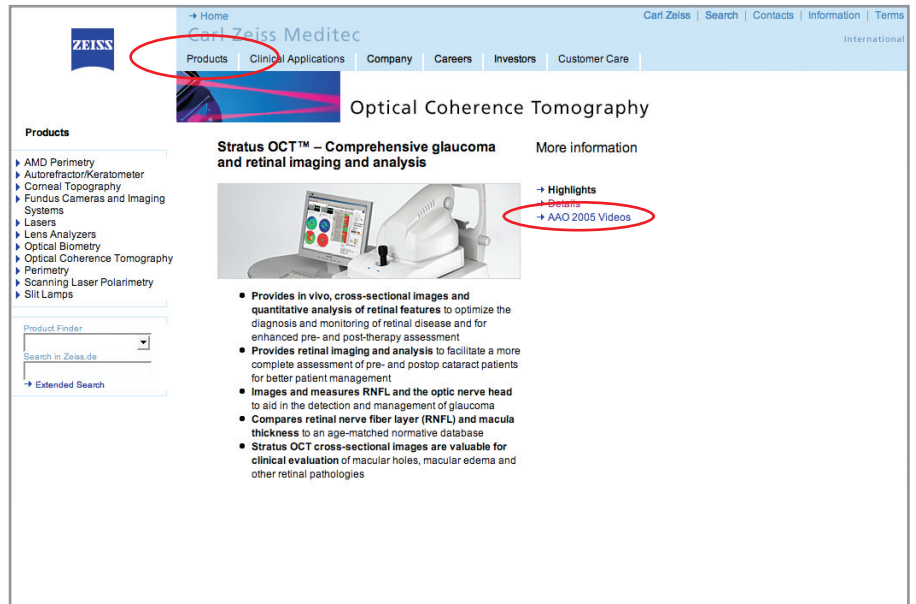

2) Go to our corporate website,

www.meditec.zeiss.com. On the HOME page, click on "Video Presentations" located in the upper left corner. On the Video Archive page, select the event you would like to view videos from. Click "Launch Video" to view the presentations.

3) If you would like to view video presentations

about a specific product or technology, you may access these videos through the product pages on www.meditec.zeiss.com. From the HOME page, click on "Products". Click on the product or technology you are interested in learning more about. If we have educational videos related to that product or technology, a link will appear on the right side of the product page.

Many of these presentations were videotaped during various educational events throughout the year. The speakers are primarily thought leaders in ophthalmology or optometry, clinical experts, or technical experts. We will continue to add more educational videos as they become available, so please check back often.
