

Humphrey Matrix

Matrix connects

Compare the new Humphrey Matrix Model 800 to the Humphrey Matrix Model 715

The Humphrey Matrix® is now even easier to use than ever. Along with everything you liked about the Matrix before – the high throughput frequency doubling stimulus, patient-friendly design and small footprint – the new Model 800 comes with an adjustable chin rest, connectivity following medical protocols and flexible printing options. Below is a comparison outlining some of the differences between the 800 and 715 models.

Feature	Model 800	Model 715
Connectivity options	<ul style="list-style-type: none"> ▪ DICOM-compliant connectivity for: <ul style="list-style-type: none"> - Patient scheduling FORUM Modality Worklist - Archive of exam reports (EPDF) ▪ Ethernet connectivity for data storage onto shared folders ▪ Serial port data output to OfficeMate®/ExamWRITER® 	Serial port data output to OfficeMate/ExamWRITER
Adjustable chin rest	Included with the purchase of every new instrument	Available separately
Portable data storage	<ul style="list-style-type: none"> ▪ USB ▪ DVD-ROM 	<ul style="list-style-type: none"> ▪ Floppy ▪ CD-ROM
Printer	Native generic PCL 3, PCL 5 and postscript printer support for local, shared and networked printers	Limited to approved printers
Keyboard & trackpad interface	USB	PS2
DICOM data output	Yes	No
User interface	Refreshed user interface	–
